

EP 140

DESCRIPTION

Castrol EP 140 is a mineral based extreme pressure multi-purpose gear oil containing anti-oxidant and anti-foam additives to protect against problems due to oil oxidation, gear tooth corrosion and oil foam. It also contains a special E.P. additive to cope with the conditions of high rubbing pressures experienced in hypoid units.

APPLICATION

Castrol EP 140 is primarily recommended for the lubrication of commercial vehicle spiral bevel final drives. It may also be used to lubricate spur and helical gears where the manufacturer specifies the use of an E.P. oil.

PERFORMANCE

API Service Level GL4

MIL-L-2105

TYPICAL CHARACTERISTICS

SAE Viscosity Rating	140
Relative Density @ 20° C	0.900
Viscosity @ 100° C, cSt	26.0
Viscosity Index	97
Flash Point (closed) °C	192
Pour Point °C	-12

DS1841 10/07/98
